SUMMARY

Graduate Architect with over 6 years of experience in designing and delivering projects for commercial and residential clients. Strategic thinking, strong communication, and problem-solving skills have enabled the success of completing projects in that time. Worked with over 30 clients to bring their ideas to life.

EXPERIENCE

Co-Founder

Atch Studio

April 2025 – Present

Co-founded a studio producing limited edition architectural drawings informed by precise shadows studies and urban analysis.

- ▶ Undertook site research and plan development.
- ▶ Contribute to all aspects of drawing, production, and brand direction.
- ▶ Responsible for visual design, web experience, and developing a consistent architectural identity across print and digital media.
- ▶ Oversaw the production process, ensuring material quality and consistency with the studio's artistic ethos.

Graduate Architect

DMOD Architects

2021 – 2025

DMOD Architects is an architectural design firm focused on building offices, commercial and pharmaceutical buildings.

- ▶ Coordinated floor layouts with the MEP Engineering department and contractors on site.
- ▶ Successfully led several projects to completion for clients such as the OPW, BNY Mellon, and AirNav Ireland.
- ▶ Performed research for lead architects on specifications, materials, and building codes.
- ▶ Assisted Project Managers with reports, cost estimates, and timetables, enabling projects to run smooth and on schedule.
- ▶ Created photorealistic visualisation renders for presentation and marketing purposes.

Graduate Architect

Robin Mandal Architects

2020 – 2021

RMA is a small architecture and design company that specialises in conservation.

- ▶ Collaborated with conservation architects on historic structures create proposals which harmonised with existing buildings.
- ▶ Assisted lead architects with tender and construction packages which allowed for contractor engagement.
